

Johnathan Hetu

Dear everyone at NOFCC,

I am sending you this note to tell you all that I am very grateful for the help I received from the NOFCC. I received it when I needed it the most. So thank you all...

Sadly Johnathan died in September 2004. After his death I felt it was my turn to help the NOFCC and to support other families dealing with childhood cancer like the NOFCC had assisted us.

I then received a call from Johnathan's teacher Mr. Nicholls who informed me that the school wanted to do a Hat Day, an annual walk, and give out an award in Johnathan's honor. The money raised would go to the NOFCC. This was the perfect way for me to help the NOFCC! I look forward to the event every year and it has been an honor to give out the award in Johnathan's name. I feel that I am the luckiest mother on this earth to have Johnathan as my son. I am so proud of him.

Several schools participate in the Hat Day and St. Charles Elementary holds the "Johnathan Hetu Walk for Cancer" at the end of every school year ending the day with the Award presentation. It is very important for my family to help others and the more money we raise the more we can help others. So thank you again NOFCC for everything and know that you can count on us to help every year.

Thanks  
Cindy Caya
