

Micheline;

My granddaughter, Sydney Stark, has been receiving treatment at the Sudbury Cancer Centre and I wanted to thank your organization so much for the assistance you are providing to Sydney and her mom Shannon. Until someone in your family becomes ill, you are not aware of the kindness and generosity that will be offered from complete strangers. My daughter Shannon is a single mom and this assistance makes a big difference in her life.

Sydney is doing well and our visits to Sudbury are made so much easier.

So as a grandmother, I would like to thank your organization for what you are doing for my granddaughter and daughter. You make a difference.

Sincerely

Joan Stark
North Bay
